PROFESSIONAL EXPERIENCE

Creative Director | KKTV / KKFARM / KKBOX Group / KKCompany / KKCulture | Taipei, Taiwan | Jun 2016 - Jul 2025

- Led and mentored **5+ direct reports** and coordinated multidisciplinary project teams of **30+ professionals**, including designers, video editors, filmmakers, marketers, product managers, engineers, artists, and external production partners across five business units.
- Oversaw concurrent creative operations, including project prioritization, workload planning, design reviews, **stakeholder** feedback, approval cycles, production schedules, professional development, and final delivery.
- Directed **integrated campaigns** across print, social media, websites, **Figma**-based UI/UX, motion, video, event environments, retail applications, and corporate communications, from strategic framing and concept development through production and delivery.
- Directed major brand, product, and corporate initiatives, including the KKTV Brand Launch, KKFARM Rebrand, KKBOX Group Corporate and Recruitment Campaigns, BlendVision Enterprise Storytelling, KKCompany Worldview, and KKCulture Identity System.
- Directed **3D** visual development and used **Blender** for concept visualization and rapid prototyping, collaborating with **3D** artists across product storytelling, campaign imagery, motion content, and event applications.
- Partnered with CEOs, general managers, business-unit leaders, marketing leads, and product leadership to define creative strategy, translate business priorities into actionable briefs, present concepts, align **stakeholders**, and secure executive approval.
- Directed campaign **photography** and developed unified creative systems across identity, typography, **imagery**, digital products, motion, video, events, and corporate communications.
- Applied **generative AI** to concept exploration, visual prototyping, story development, and presentation production, accelerating early-stage creative development across brand and educational projects.
- Designed and delivered internal creative workshops for 30+ colleagues, providing mentorship in creative thinking, visual communication, presentation development, and production workflows.

Co-Founder & Coach | Applied Creativity Engine | Taipei, Taiwan | Aug 2023 - Present

- Co-founded an AI-powered creativity education venture with Chris Lin (Founder, KKBOX Group) and Matt Cheng (Founder and Managing Partner, Cherubic Ventures), focused on human-centered creativity, design thinking, AI-assisted ideation, and entrepreneurial leadership.
- Designed and delivered 6+ AI and creativity programs for 200+ educators, executives, entrepreneurs, and students across Taiwan and Japan, partnering with UWC ISAK Japan, Junyi School, Chunghwa Telecom Training Institute, and WAVE Brand Leadership.
- Established an ongoing English-language collaboration with UWC ISAK Japan and developed workshops, online courses, printed thinking tools, showcases, and AI-assisted ideation and pitching exercises that translated emerging technologies into practical creative outcomes.

Adjunct Instructor, Specialist Rank | Communications Design, Shih Chien University | Taipei, Taiwan | Sep 2018 - Present

- Teach university courses in creativity, semiotics, communication design, visual storytelling, design thinking, and AI-powered creative practice, connecting academic theory with brand strategy, emerging technology, and real-world production.

EARLIER EXPERIENCE

Design Director | JC&D | Taipei, Taiwan | Feb 2015 - May 2016

- Directed the design of eco-friendly household products and exhibition experiences for Good Design Tokyo Midtown and Good Design Marunouchi.

Multimedia Director | Saosis Communications | Beijing, China | May 2014 - Feb 2015

- Led user research, information architecture, visual design, and UI/UX direction for digital products developed specifically for the **China market**, including the redesign of the ICBC H-CLUB mobile application and related mobile, tablet, web, and promotional experiences.
- Directed UI/UX and responsive web design, collaborating with product managers and engineers from information architecture and prototyping through design review and implementation.
- Translated Chinese user behavior, business requirements, and technical constraints into clear interface structures and consistent cross-platform design systems.

Game Designer | Fludot Co. | Taipei, Taiwan | Mar 2012 - Apr 2014

- Developed visual systems, user interfaces, motion assets, characters, environments, and gameplay communication for iOS and Android touch-based games.

Animation Designer | Modern Media Group | Shanghai, China | Aug 2011 - Feb 2012

- Created broadcast openings, showreels, animation, and edited video content for media, events, and corporate communications.
- Adapted Bloomberg Businessweek's global brand and launch direction into locally resonant event, animation, video, and press-conference communications for its **China-market** entry.
